
Opening Remarks from Sugar and Ethanol Africa Virtual

09:00 - 09:10

Global Sugar and Ethanol Production and Trade Overview with a Focus on Africa

Sugar market impacts of COVID-19: What to expect next?

09:10 - 09:30

Global Sugar and Ethanol Production and Trade Overview with a Focus on Africa

Sugar supply and demand side, fundamentals and prices
Trends in global consumption

Inter and intra sugar trade in Africa

09:30 - 09:50

Global Sugar and Ethanol Production and Trade Overview with a Focus on Africa

SADC sugar exports and changes in primary destinations
East and West Africa sugar needs
North Africa sugar production and exports

Global ethanol production expansion and trade

09:50 - 10:10

Global Sugar and Ethanol Production and Trade Overview with a Focus on Africa

Opportunities for Africa

Live Q&A with speakers

10:10 - 10:30

Global Sugar and Ethanol Production and Trade Overview with a Focus on Africa

Strategy for Africa: Getting millers to diversify into ethanol and other products

10:30 - 10:50

Global Sugar and Ethanol Production and Trade Overview with a Focus on Africa

Enjoying sustained growth through product diversification
Market understanding and risk appetite for investing in African sugar

Cogeneration in sugar industries: Potential prospects in Africa

10:50 - 11:10

Global Sugar and Ethanol Production and Trade Overview with a Focus on Africa

Bagasse as a renewable energy source for sugar producers
Technology options and performance parameters

Reviving the Kenyan sugar industry

11:10 - 11:50

Global Sugar and Ethanol Production and Trade Overview with a Focus on Africa

Reintroducing a sugar levy
Changing sugar import rules
Expanding cane irrigation – tripling sugarcane yields
Finalising the privatisation process

Live Q&A with speakers

11:50 - 12:10

Global Sugar and Ethanol Production and Trade Overview with a Focus on Africa

SCHEDULE

SUGAR & ETHANOL AFRICA VIRTUAL DAY 1 - 15/09/2020

Sugar & Ethanol Africa

15 - 16 September 2020

Virtual Conference

Delivered Live Online (EAT time) & On-Demand Afterwards

TIME	GLOBAL SUGAR AND ETHANOL PRODUCTION AND TRADE OVERVIEW WITH A FOCUS ON AFRICA
09:00	<p>09:00 - Opening Remarks from Sugar and Ethanol Africa Virtual</p> <p>09:10 - Sugar market impacts of COVID-19: What to expect next?</p> <p>09:30 - Inter and intra sugar trade in Africa</p> <p>09:50 - Global ethanol production expansion and trade</p>

Opening Remarks from Sugar and Ethanol Africa Virtual

09:00 - 09:10

Sugar & Ethanol for Africa: Technology, Economics and Diversification

Developing and maintaining a sugar and ethanol industrial project

09:10 - 09:30

Sugar & Ethanol for Africa: Technology, Economics and Diversification

Technology for sugar production and diversification: A Case study

09:30 - 09:50

Sugar & Ethanol for Africa: Technology, Economics and Diversification

Steps to a Biorefinery: From sugar to co-products

Managing cost of production and increasing process efficiencies

09:50 - 10:10

Sugar & Ethanol for Africa: Technology, Economics and Diversification

Expanding and applying new technology to existing ethanol plants
Waste management

Live Q&A with speakers

10:10 - 10:30

Sugar & Ethanol for Africa: Technology, Economics and Diversification

Market penetration of the stove fuel market

10:30 - 10:50

Stove Fuel Ethanol Market

Consumer acceptance for ethanol cookstoves
Trends and rate of penetration

Ethanol demand and procurement opportunities

10:50 - 11:10

Stove Fuel Ethanol Market

Cooking with ethanol - Managing ethanol supplies and logistics

Live Q&A with speakers

11:10 - 11:30

Stove Fuel Ethanol Market

Closing remarks and end of Sugar and Ethanol Africa Virtual

11:30 - 11:40

Stove Fuel Ethanol Market

SCHEDULE

SUGAR & ETHANOL AFRICA VIRTUAL DAY 2 - 16/09/2020

Sugar & Ethanol Africa

15 - 16 September 2020

Virtual Conference

Delivered Live Online (EAT time) & On-Demand Afterwards

TIME	STOVE FUEL ETHANOL MARKET	SUGAR & ETHANOL FOR AFRICA: TECHNOLOGY, ECONOMICS AND DIVERSIFICATION
09:00		09:00 - Opening Remarks from Sugar and Ethanol Africa Virtual 09:10 - Developing and maintaining a sugar and ethanol industrial project 09:30 - Technology for sugar production and diversification: A Case study 09:50 - Managing cost of production and increasing process efficiencies
