

Dedicated networking time

08:00 - 09:00

Energy & Renewables Summit

Powered by partneringONE®, all partnering meetings will be held through a secure video conferencing solution. You can have these meetings as one-to-one chats or invite others for a group discussion.

Chairman's Welcome

09:00 - 09:10

Energy & Renewables Summit

Keynote presentation: What are the fundamental drivers of the energy transition, and how have they been impacted by COVID-19?

09:15 - 09:45

Energy & Renewables Summit

Does U.S. federal policy still have a role in growing renewable power and climate infrastructure? How has COVID-19 and oil price volatility affected the infrastructure investing landscape? Are oil majors becoming "energy majors"? What are the emerging sectors to watch that have the potential to cause the greatest disruption?

Participants

Keith Derman - Partner, Co-Head of Infrastructure and Power, Ares Management LLC

Energy transition: How to make renewable energy generation an investable market in the context of low energy prices?"

09:50 - 10:25

Energy & Renewables Summit

What role will infrastructure funds play in the future energy landscape? How to meet demand for renewables and how to make money as prices and returns drop – who is taking risks and where are the best opportunities? Discussing the impact of climate transition. How can managers show their investors that transformation is working? The importance of generating and sharing data and leveraging ESG for value creation.

Participants

Moderator: Mikael Karlsson - Partner, Head of Energy Infrastructure, Actis Partners

Panellists: Alex O'Connell - Founder & CEO, Gore Street Capital

Karl Smith - Managing Director (MIRA), Green Investment Bank

Simon Eaves - Managing Director, Head of Clean Energy Infrastructure European Team, Capital Dynamics

Werner von Guionneau - Chief Executive Officer, InfraRed Capital Partners

Examining new forms of energy

10:30 - 11:00

Energy & Renewables Summit

What is the role of hydrogen and how critical is gas for energy transition? How to get the grids to work in practice and how to finance fibre. Examining the uses of energy related to data centres and how to go from generation to distribution. Latest developments in energy storage and heat networks

Participants

Panellists: Tibor Schwartz - Senior Advisor - Asset Management, QIC

Izzet Bensusan - Managing Partner and Founder, Captona

Art Robinson - Managing Director, Longbow Capital

Dedicated networking time

11:00 - 11:30

Energy & Renewables Summit

Powered by partneringONE®, all partnering meetings will be held through a secure video conferencing solution. You can have these meetings as one-to-one chats or invite others for a group discussion.

Investor perspectives in a crisis: is there a current re-thinking of infrastructure allocations?

11:30 - 12:05

Energy & Renewables Summit

What is driving investor strategies? Does energy belong in an infrastructure portfolio or should mature portfolios separate out energy and infra? If energy transformation happens, to what extent will it lead to an increase in stranded assets owned by investors and who will the winners and the losers be. Successfully balancing risk with opportunity.

Participants

Panellists: Ethan Levine - Managing Director & Co-Head of Natural Resources, Commonfund Capital

Philip Butcher - Senior Principal, Infrastructure, Canada Pension Plan Investment Board

John Anderson - Global Head Corporate Finance & Infrastructure, Manulife

Keynote Address: Charging infrastructure for electric vehicles to reduce net carbon emissions

12:10 - 12:25

Energy & Renewables Summit

Investing in EV Charging

12:30 - 13:00

Energy & Renewables Summit

The future of public charging infrastructure: Challenges and opportunities, how to fund and when will the government need to be involved?

Participants

Panellists: Stéphane Calas - Managing Director, Cube Infrastructure

Dedicated networking time

13:00 - 13:30

Energy & Renewables Summit

Powered by partneringONE®, all partnering meetings will be held through a secure video conferencing solution. You can have these meetings as one-to-one chats or invite others for a group discussion.

Focus on disruptive technologies: examining the tech side of energy

13:30 - 13:45

Energy & Renewables Summit

Participants

Tom Murley - Founder & Principal, Two Lights Energy Advisors

Future of Infrastructure

13:50 - 14:20

Energy & Renewables Summit

What is the impact of new technology on energy/ electricity distribution? Examining developments in batteries and storage, software, solar, PPA product prices. Lessons learned from fund managers. How to effectively source, produce, store and distribute energy?

Participants

Moderator: Tom Murley - Founder & Principal, Two Lights Energy Advisors

Panellists: Jeffrey Altman - Senior Advisor, Finadvice AG

Pooja Goyal - Partner, Co-Head of Infrastructure, The Carlyle Group

John Breckenridge - Senior Managing Director, Head of Clean Energy Infrastructure, Capital Dynamics

Keynote address: The future of infrastructure: how technology is disrupting and enabling an asset class

14:25 - 14:55

Energy & Renewables Summit

Participants

Jonathan Winer - Co-CEO, Sidewalk Infrastructure Partners

Dedicated networking time

14:55 - 15:25

Energy & Renewables Summit

Powered by partneringONE®, all partnering meetings will be held through a secure video conferencing solution. You can have these meetings as one-to-one chats or invite others for a group discussion.

ESG: how are definitions evolving? Increasing the emphasis on the "S" and focusing on carbon neutral projects and climate change commitments

15:25 - 15:55

Energy & Renewables Summit

Focusing on the social aspect of ESG and identifying projects/assets that are beneficial to communities and emphasise diversity. What is the role of infra in society and how sustainable are returns in relation to the public sector? How is the pathway to net zero affecting infra and will carbon capture and storage take off? How close are we to a standardised ESG framework?

Participants

Moderator: François Bergere - Executive Director, Long-Term Infrastructure Investors Association - LTIIA

Panellists: Laurence Monnier - Head of Quantitative Research, Real Assets, Aviva Investors

Rosheen McGuckian - CEO, NTR

Martin Ewald - Managing Director, Lead Portfolio Manager, Impact Investments, Allianz Global Investors

Shane Swords - Managing Director, Head of Investor Relations, NextEnergy Capital

Developments in distributed assets and the intersection with sustainability and climate risk

16:00 - 16:30

Energy & Renewables Summit

Examining opportunities in rooftop solar, batteries, waste to energy systems, waste water treatment. How to find project developers to get access to infra investment. How can the demand/supply imbalance for renewable operating assets be overcome? What impact will the US election have?

Participants

Moderator: Raza Hasnani - Managing Director, Head of Infrastructure Investments, Africa50

Panellists: Alexandre Tilmant - Founder & Managing Partner, TELA Energy LLC

Rob Day - General Partner, SpringPoint Capital

Scott Brown - Founder & CEO, New Energy Capital

David Milner - CEO, NuGen Capital

Chair's closing remarks

16:35 - 16:40

Energy & Renewables Summit

Dedicated networking time

16:40 - 17:30

Energy & Renewables Summit

Powered by partneringONE®, all partnering meetings will be held through a secure video conferencing solution. You can have these meetings as one-to-one chats or invite others for a group discussion.

SCHEDULE

ENERGY & RENEWABLES DAY - 29/09/2020

SuperReturn Global Infrastructure

29 September - 01 October, 2020

CEST/UTC-2 Time Zone

Virtual event

TIME	ENERGY & RENEWABLES SUMMIT
08:00	08:00 - Dedicated networking time
09:00	09:00 - Chairman's Welcome 09:15 - Keynote presentation: What are the fundamental drivers of the energy transition, and how have they been impacted by COVID-19? 09:50 - Energy transition: How to make renewable energy generation an investable market in the context of low energy prices"?
10:00	10:30 - Examining new forms of energy
11:00	11:00 - Dedicated networking time 11:30 - Investor perspectives in a crisis: is there a current re-thinking of infrastructure allocations?
12:00	12:10 - Keynote Address: Charging infrastructure for electric vehicles to reduce net carbon emissions 12:30 - Investing in EV Charging
13:00	13:00 - Dedicated networking time 13:30 - Focus on disruptive technologies: examining the tech side of energy 13:50 - Future of Infrastructure
14:00	14:25 - Keynote address: The future of infrastructure: how technology is disrupting and enabling an asset class 14:55 - Dedicated networking time
15:00	15:25 - ESG: how are definitions evolving? Increasing the emphasis on the "S" and focusing on carbon neutral projects and climate change commitments
16:00	16:00 - Developments in distributed assets and the intersection with sustainability and climate risk 16:35 - Chair's closing remarks 16:40 - Dedicated networking time

Dedicated networking time

08:00 - 08:55

Day 1

Powered by partneringONE®, all partnering meetings will be held through a secure video conferencing solution. You can have these meetings as one-to-one chats or invite others for a group discussion.

Chair's opening welcome & Planning the infrastructure of the future after COVID-19

09:00 - 09:30

Day 1

- Can there be greater imagination in infrastructure planning and design for 2020 and beyond when faced with the long-term implications of recession and a continuing low interest environment?
- What will happen to returns and investor appetite in trickier times?

Participants

Chair & Presenter: Julia Prescott - Partner & Chief Strategy Officer, Meridiam Infrastructure, Commissioner, NIC

State of the union panel discussion: how resilient is infra to global crises?

09:35 - 10:10

Day 1

Challenging the resiliency and discipline of fund managers: will an increase in competition lead to a greater need for diversification? What will the new definition of core be? Predicting the impact of political risk on the regulatory framework. Will infra investing be a hedge against market volatility, what are the most promising emerging infra sectors and how can managers deal with projects exposed to risk?

Participants

Moderator: Julia Prescott - Partner & Chief Strategy Officer, Meridiam Infrastructure, Commissioner, NIC

Panellists: Laurence Monnier - Head of Quantitative Research, Real Assets, Aviva Investors

Scott Mackin - Managing Partner, Denham Capital

Karen Dolenc - Partner, Ancala Partners LLP

Keynote address: COVID-19 and its impact on the infrastructure asset class

10:15 - 10:45

Day 1

Predicting the impact of COVID-19 on infra valuations: fall in GDP, decreased supply chains and business activity. What are the defensive characteristics of infra from a listed standpoint and how badly will consumer infra be affected? What will it mean for 2020 valuations? How sensitive is infra to these global shock situations?

Participants

Gautam Bhandari - Managing Partner, I Squared Capital

Dedicated networking time

10:45 - 11:15

Day 1

Powered by partneringONE®, all partnering meetings will be held through a secure video conferencing solution. You can have these meetings as one-to-one chats or invite others for a group discussion.

Keynote Address

11:15 - 11:45

Day 1

Participants

Peter Durante - Managing Director, Global Lead for Technology & Innovation, Macquarie Infrastructure and Real Assets (MIRA)

Changes in investor strategies

11:50 - 12:30

Day 1

How will COVID 19 impact investment strategies? Examining the increasing sophistication of investors - to what extent are they taking the lead in rolling over fund investments to hold them directly in their portfolios? How does this affect pricing? Taking the temperature of investor interest in collaborative investment models to increase allocation to alternative strategies in order to achieve better returns and risk diversification.

Participants

Moderator: Eugene Zhuchenko - Founder, ETORE Advisory

Panellists: Claus Fintzen - Chief Investment Officer, Infrastructure Debt, Allianz Global Investors GmbH

Ron Boots - Head of Infrastructure Europe, APG Asset Management

Andreas Jensen - Senior Portfolio Manager, AP4

Hans Forssman - Senior Investment Manager Infrastructure, Skandia Mutual Life Insurance Co

Fund presentations to investors

12:10 - 12:55

Closed Door Session

A select number of fund managers will present their fund to a group of investors, individually, in a closed door setting. Each GP will have 10 minutes to make their case, including time for audience Q&A.

GPs - For more information contact Marcia.Brissett@informa.com

LPs - to register, contact Krystal.Pierre@informa.com

Closed door session

Moving forward with ESG and sustainability issues

12:35 - 13:05

Day 1

Improving standards for social and environmental impact in a post-Covid world

Participants

Moderator: Louis Downing - CEO, Global Infrastructure Basel Foundation

Panellists: Dhruv Narain - Managing Director, Infrastructure Investments, GCM Grosvenor

Neil Brown - Partner, Head of Investor Development Group, Actis

Gregory Smith - President & Chief Executive Officer, InstarAGF Asset Management Inc.

Dan Wells - Partner, Foresight Group

Dedicated networking time

13:05 - 13:35

Day 1

Powered by partneringONE®, all partnering meetings will be held through a secure video conferencing solution. You can have these meetings as one-to-one chats or invite others for a group discussion.

Fund manager only closed door discussion group

13:05 - 13:35

Fund manager only

Informative & invaluable networking for GPs

By invitation only

Keynote address

13:35 - 14:00

Day 1

The transportation sector: a mainstay of infrastructure or a sector subject to stress?

14:05 - 14:35

Day 1

Aviation, toll roads, ports, and passenger trains have all been hit in this crisis badly, and with governments under stress, downside protection in many cases is not as effective as thought. What is the outlook for transportation both on a short-term and long-term basis?

Participants

Moderator: Simon Whistler - Senior Manager, Principles for Responsible Investment

Panellists: Hari Rajan - Partner and Head of Corsair Infrastructure Partners, Corsair Capital

Emmett McCann - Managing Director and Co-Portfolio Manager, Oaktree Capital Management

Christoph Manser - Head of Infrastructure Investments, Swiss Life Asset Managers

Role of the mid-market in a world of megafunds: Is there better value in the mid market?

14:40 - 15:10

Day 1

Mega funds at one end and specialists at the other: what does this mean for the mid-market and competitiveness as they are pulled in different directions? Will we see consolidation/M&As between midmarket firms? Assessing how new vehicles and spinoffs are moving into the space and finding value by geography, cap size and strategy. Is the midmarket large enough for funds to deploy at the scale they claim?

Participants

Moderator: Mortimer Menzel - Partner, Augusta & Co

Panellists: Manuel Cary - Founding Partner & CEO, TIIC

Jérôme Janssen - Co-Head of Equity Investment, Infrastructure Equity, Schroders

Ross Posner - Managing Partner, Ridgewood Infrastructure

Emerging infra sectors: digital businesses and open source data

15:15 - 15:45

Day 1

How can investors make best use of big data analytics and smart city frameworks? Examining the growing impact of data in improving asset management and opportunities in sharing open source data to help with industry risk management. How does tech interface with infra and life-long assets?

Participants

Moderator: Jeffrey Altman - Senior Advisor, Finadvice AG

Dedicated networking time

15:50 - 16:20

Day 1

Powered by partneringONE®, all partnering meetings will be held through a secure video conferencing solution. You can have these meetings as one-to-one chats or invite others for a group discussion.

Diversity, talent and inclusion in infrastructure

15:50 - 16:20

Diversity lunch

Keynote solo presentation: Investment Opportunities in Digital Infrastructure in a Covid World

16:20 - 16:45

Day 1

Participants

Omar Jaffrey - Managing Partner, Melody Investment Advisors

Transforming telecoms: Latest developments in towers, fibre, fixed networks, data storage and smart cities. Global perspectives

16:50 - 17:20

Day 1

What are the operational tools needed to build investment platforms in the telecoms space? What are the ESG considerations for towers, fibre and fixed networks? Examining the differences in pricing, regulation, politics, historic networks and customer health between European countries in the telecoms space.

Participants

Panellists: Dmitriy Antropov - Co-Head, Private Infrastructure, Partners Group

Omar Jaffrey - Managing Partner, Melody Investment Advisors

Olusola Lawson - Co-Managing Director, Africa Infrastructure Investment Managers (AIIM)

Dylan Foo - Senior Partner, Co-Lead Infrastructure, Apollo Global Management

Changing investor sentiment towards smarter investments: direct, indirect, club deals and co-investments in infrastructure

17:25 - 17:55

Day 1

Getting the internal setup right how smarter strategies can provide investors transparency without the underlying risk. How is the market responding to reporting and governance requirements – what are the KPIs?

What classifies as Core+? As investors go direct into core, how does this affect pricing more for managers?

Participants

Moderator: Mark Weisdorf - Managing Partner, Mark Weisdorf Associates

Panellists: Yves Meyer Buelow - Managing Director, Allianz Capital Partners

Luigi Pettinicchio - CEO, Asper Investment Management

Tara Davies - Member and Head of European Infrastructure, KKR

Lars Pace - Principal, Real Assets Investments, Hamilton Lane

Chair's closing remarks

18:00 - 18:05

Day 1

SESSIONS

MAIN CONFERENCE DAY 1 - 30/09/2020

Dedicated networking time

08:00 - 09:00

Day 2

Powered by partneringONE®, all partnering meetings will be held through a secure video conferencing solution. You can have these meetings as one-to-one chats or invite others for a group discussion.

Chairman's opening welcome

09:00 - 09:05

Day 2

Keynote Address: Macro economic and geo-political outlook for infrastructure investing in an era of low growth/ recession.

09:10 - 09:45

Day 2

Entering the next phase of Brexit negotiations – what to expect, will COVID delay Brexit talks? Prospects of investing at a time of globally stagnating growth and continued regulatory pressures. Offering a comparison of European/Asia/US perspectives on fossil fuels and what it means for the investable environment

Participants

Gordon Bajnai - Partner, Chairman of Global Advisory Board, Campbell Lutyens

New data on Infrastructure Interest as COVID-19 Impacts Develop

09:50 - 10:05

Day 2

Discussing the results of the data presentation: What are investors seeing? What are their main worries at this time of crisis? Has there been a change in investor sentiment towards infrastructure investment and if so, where? Which sectors are the future of infrastructure and why?

15 minutes data presentation & 25 minutes panel discussion

Participants

Data Presentation: Kelly DePonte - Managing Director, Probitas Partners

New data on Infrastructure interest as COVID-19 impacts develop

10:10 - 10:45

Day 2

Discussing the results of the data presentation: What are investors seeing? What are their main worries at this time of crisis? Has there been a change in investor sentiment towards infrastructure investment and if so, where? Which sectors are the future of infrastructure and why?

Participants

Moderator: Kelly DePonte - Managing Director, Probitas Partners

Panellists: Anna Baumbach - Partner, Palladio Partners

Uwe Fleischhauer - Founding Partner and Managing Director, YIELCO Investments

Mark Weisdorf - Managing Partner, Mark Weisdorf Associates

Annette Bannister - Director, Head of European Infrastructure & Project Finance, MetLife Investment Management Limited

Dedicated networking time

10:45 - 11:15

Day 2

Powered by partneringONE®, all partnering meetings will be held through a secure video conferencing solution. You can have these meetings as one-to-one chats or invite others for a group discussion.

Examining the role of regulators and the evolution of relationships with industry

11:15 - 11:40

Day 2

An introduction to UK regulatory system and UKRN. Balancing investor and consumer interests in infrastructure investment. What are the regulatory roles and the importance of legitimacy to the regulatory system? Future challenges: infrastructure investment in context of decarbonisation

Institutional investing into debt funds – still plenty of demand?

11:45 - 12:15

Day 2

What is the lower for longer interest rate environment impact on infra? Why wouldn't you refinance at these low rates? Has COVID 19 increased the risk of default in highly leveraged situations? Who are the new entrants to the debt market? Is there a shift to a broader risk/reward profile and a dislocation in the finance markets more generally?

Participants

Panellists: Severin Hiller - Co Head of Infrastructure Debt, Rivage Investment

Jérôme Neyroud - Head of Infrastructure Debt, Schroders

Tim Cable - Senior Partner, Vantage Infrastructure

Update on infrastructure secondaries market

12:20 - 12:50

Day 2

Examining views on the market, new participants, amount of dry powder for secondaries, evolution over time and historical performance. As the amount of capital raised for infra continues to grow, what does it mean for deal flow in the secondaries market?

Participants

Panellists: Dominik von Scheven - Senior Investment Manager, Private Equity Investments, HSBC Global Asset Management

Andrea Echberg - Partner, Co-Head Global Infrastructure & Real Assets, Pantheon

Dedicated networking time

12:50 - 13:20

Day 2

Powered by partneringONE®, all partnering meetings will be held through a secure video conferencing solution. You can have these meetings as one-to-one chats or invite others for a group discussion.

Keynote data presentation: The future of benchmarking unlisted infrastructure - what lessons from Covid-19?

13:20 - 13:50

Day 2

Data presentation: Private equity's role in plugging the infrastructure financing gap

13:55 - 14:15

Day 2

Participants

Alex Murray - VP, Research Insights, Preqin

How ESG is driving investment decisions

14:20 - 14:50

Day 2

The importance of generating data and leveraging ESG for value creation. What does a bad economy mean for ESG? Can it become a differentiator? COVID-19 is leading to a drop in air pollution – how can airports become more agile? How businesses need to respond to both the societal side and the regulatory side of climate change commitments. Responsible investing in infra – clarity about what this actually means, what regulations are coming in especially around climate change?

Participants

Moderator: Rick Walters - Director, Infrastructure, GRESB

Panellists: Robert Wall - Partner, Hermes Infrastructure

Aurélien Roelens - Investment Director & ESG Coordinator, Cube Infrastructure Managers

Nikolas Stone - ESG Manager, CDC Group

Rahul Advani - Managing Partner, SER Capital Partners

Networking break

14:50 - 15:20

Day 2

PPPs and PFIs: A resurgence or greater problems?

15:20 - 15:50

Day 2

Strategies under political stress before the crisis: now governmental budgets are now under more stress than ever and they may be looking for financial assistance, is the political blowback becoming worse? Are there revised structures that could help? on of investment strategies?

SuperReturn Global Infrastructure closing debate

15:55 - 16:30

Day 2

- Where does infra sit in a real assets portfolio?
- How to fix badly maintained infra
- Can infra be part of the impact investing framework?
- Are we at peak pricing/in a bubble?
- Can airports, amusement parks etc survive post COVID?

Participants

Moderator: Kelly DePonte - Managing Director, Probitas Partners

Panellists: Robert K. Collins - Managing Partner, 3i Infrastructure

Rahul Advani - Managing Partner, SER Capital Partners

Geoffrey Strong - Senior Partner, Co-Lead Infrastructure and Natural Resources, Private Equity, Apollo Global Management

End of SuperReturn Infrastructure 2020

16:30 - 16:35
